

British Schools of America

Inspiring World Class Learning

British Schools of America (BSA) operates a network of learning focused, quality international schools in North America. As a result of growth and expansion, BSA is seeking highly skilled, forward thinking, inspirational teachers for our network of schools in September 2010. Positions include Early Years, KS1, KS2, KS3, KS4, and International Baccalaureate. Due to maternity leave, we are also seeking an experienced and qualified KS2 teacher for the British School of Boston in April 2010.

Teaching with BSA is a unique professional opportunity to work with the New Secondary National Curriculum, the International Primary Curriculum, and the International Baccalaureate Diploma Programme.

Along with an attractive salary and benefits package, we provide assistance with relocation and cost-of-living expenses. We offer a two-year contract, renewable by mutual consent.

To meet US visa requirements, you must live in the UK, hold a British passport and be a qualified, UK trained teacher with a minimum of two years' experience teaching the National Curriculum of England.

Visit www.britishschool.org to download the application form. Please upload a current CV with your application. Successful applicants will be expected to apply for an enhanced disclosure for the Criminal Records Bureau. Due to the high volume of applicants, we are sorry that we will be unable to respond to enquiries. Closing date is Tuesday, January 19.
