

THE SOOTHSAYER STAR PRESENTS...

Fantastic Fantasy Stories

In ICT we created a Powerpoint presentation, inspired by the “Daily Prophet” in the Harry Potter series.

When you click on each of the pictures, the person in them “comes alive” and talks to the reader!

YEAR 6 AND 7 BOOK LAUNCH

We celebrated the completion of our extended fantasy stories by dressing up as our main characters and sharing our learning with our parents.

We were also VERY fortunate to have Ms. Lynch, a published author, come and talk to us about the process of writing. We learnt a lot and our very grateful to her for sharing her time and knowledge with us!

THE SOOTHSAYER STAR

WRITING THE BOOKS

In Literacy last term Year 6 and 7 were inspired to write their own fantasy stories! They had written school prospectuses for schools that belong to magical lands and were so enthusiastic about these that they asked to write extended stories set in the schools they had created.

They planned each of their 10 chapters and created their own characters. Then they began writing! They were given a particular focus for each chapter and worked hard at developing their literacy skills. When they had drafted each chapter they worked with their writing buddies to edit and improve their stories. Finally, they ended up with long, hand-written pieces of work that they word processed ready to include in their books.

THE SOOTHSAYER STAR

MAKING THE BOOKS

In Art last term the Year 6 and 7s have designed and produced their books. Firstly, they chose a fabric that was appropriate for their story. They made a rough draft and then created linoleum and copper plate prints to illustrate their stories. Each person made a unique cover for their book and had it bound by hand.
