

Welcome to Houston and the
British School

From BSH Connections Team

Welcoming and Assisting New
Families

This map shows where most of our families live. The accompanying sheet gives some basic points about each area and other information that will help you when you first arrive in Houston. Each area has a representative from our team who can answer questions to help you decide where to live as well as helping you settle into your chosen area. You can contact Connections at any time to be put in touch with the reps in your area through connectionsbsb@britishschool.org
